Deductible Per Benefit Year	In-network and Out-of-network	
Individual/Family	\$100/\$300	
Out-of-Pocket Limit Per Benefit Year	In-network	Out-of-network
Individual/Family	\$2,200/\$4,400	\$3,300/Not applicable

Note: In-network out-of-pocket limit accumulates separately from the out-of-network out-of-pocket limit. Even though you may have the same benefit for in-network and out-of-network, your actual costs for services provided out-of-network may exceed this plan's out-of-pocket limit for out-of-network services. In addition, out-of-network providers may in certain situations bill you for the difference between the amount charged by the provider and the amount allowed by the insurance company (called balance billing). Balance billing amounts are not counted toward the out-of-network out-of-pocket limit. For additional information about balance billing or allowable fees, see your handbook.

Accident Benefit

Additional information

What is the deductible?

Your plan's deductible is the amount of money that you pay first, before your plan starts to pay. You'll see that many services, especially preventive care, are covered by the plan without you needing to meet the deductible. The individual deductible applies if you enroll without dependents. If you and one or more dependents enroll, the individual deductible applies for each member only until the family deductible has been met.

In-network expense and out-of-network expense apply together toward your deductible.

What is the out-of-pocket limit?

The out-of-pocket limit is the most you'll pay for covered services during the benefit year. Once the out-of-pocket limit has been met, the plan will pay 100 percent of allowed amounts for covered services for the rest of that benefit year. The individual out-of-pocket limit applies only if you enroll without dependents. If you and one or more dependents enroll, the individual out-of-pocket limit applies for each member only until the family out-of-pocket limit has been met. Be sure to check your handbook, as there are some charges, such as non-essential health benefits, penalties, and balance billed amounts that do not count toward the out-of-pocket limit.

Note that there is a separate category for in-network and out-of-network when it comes to meeting your out-of-pocket limit.

Payments to providers

Payment to providers is based on the prevailing or allowable fee for covered services. In-network providers accept the allowable fee as payment in full. Services of out-of-network providers could result in out-of-pocket expense in addition to the percentage indicated.

Prior authorization

Coverage of certain medical services and surgical procedures requires a benefit determination by PacificSource before the services are performed. This process is called prior authorization. Prior authorization is necessary to determine if certain services and supplies are covered under this plan, and if you meet the plan's eligibility requirements. Prior authorization does not change your out-of-pocket expense. You can search for procedures and services that require prior authorization on our website, Authgrid.PacificSource.com (select Commercial for the line of business).

Discrimination is against the law

PacificSource Health Plans complies with applicable federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. PacificSource does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.

This plan includes coverage for prescription drugs and certain other pharmaceuticals, subject to the information below. This plan complies with federal healthcare reform. To check which tier your prescription falls under, call our Customer Service team or visit PacificSource.com/find-a-drug.

The copayment and/or coinsurance for prescription drugs obtained from an in-network or out-of-network pharmacy are waived during the remainder of the benefit year in which you have satisfied the medical out-of-pocket limit.

PacificSource Expanded (Preventive) No-cost Drug List

MAC B - Unless the prescribing provider requires the use of a brand name drug, the prescription will automatically be filled with a generic drug when available and permissible by state law. If you receive a brand name drug when a generic is available, you will be responsible for the brand name drug's copayment and/or coinsurance plus the difference in cost between the brand name drug and its generic equivalent. If your prescribing provider requires the use of a brand name drug, the prescription will be filled with the brand name drug and you will be responsible for the brand name drug's copayment and/or coinsurance. The cost difference between the brand name and generic drug does not apply toward the medical out-of-pocket limit. Does not apply to preventive bowel prep kits covered under USPSTF guidelines.

If your provider prescribes a brand name contraceptive due to medical necessity it may be subject to exception review for coverage at no charge.

See your handbook for important information about your prescription drug benefit, including which drugs are covered, limitations, and more.

Important information about your vision benefits

Your plan includes coverage for vision services. To make the most of those benefits, it's important to keep in mind the following:

In-network Providers: PacificSource is able to add value to your vision benefits by contracting with a network of vision providers. Those providers offer vision services at discounted rates, which are passed on to you in your benefits.

Paying for Services: Our provider contracts require in-network providers to bill us directly whenever you receive covered services and supplies. Providers will verify your vision benefits.

In-network providers should not ask you to pay the full cost in advance. They may only collect your share of the expense up front, such as copayments and amounts over your plan's maximum benefit. If you are asked to pay the entire amount in advance, tell the provider you understand they have a contract with PacificSource and they should bill PacificSource directly.

Sales and Special Promotions (sales and promotions are not considered insurance): Vision retailers often use coupons and promotions to bring in new business, such as free eye exams, two-for-one glasses, or free lenses with purchase of frames. Because in-network providers already discount their services through their contract with PacificSource, your plan's in-network benefits cannot be combined with any other discounts or coupons. You can use your plan's in-network benefits, or you can use your plan's out-of-network benefits to take advantage of a sale or coupon offer.

If you do take advantage of a special offer, the in-network provider may treat you as an uninsured customer and require full payment in advance. You can then send the claim to PacificSource yourself, and we will reimburse you according to your plan's out-of-network benefits.

Benefit Year: Contract Year

This plan covers the following services when performed by a provider to the extent that they are operating within the scope of their license as required under law in the state of issuance, and when determined to be necessary, usual, and customary by the standards of generally accepted dental practice for the prevention or treatment of oral disease or for accidental injury, including masticatory function (chewing of food).

In-network dentists contract with PacificSource to furnish dental services and supplies for a set fee. That fee is called the allowable fee. In-network providers agree not to collect more than the allowable fee. When you use an in-network provider, you will pay only the in-network provider amounts below. If you choose not to use an in-network provider, or don't have access to one, reimbursement is based on the allowable fee. If charges exceed the allowable fee, the excess charges are your responsibility.
